

FPT RONIN EVO

Macchine Utensili S.r.l.

Type: Milling machine Moving column

Brand: FPT

Model: RONIN EVO

Year: 2019

C.N.C: HEIDENHAIN TNC640

Serial number: GM0619195

Specifications:

Rotary-translating table 2000 × 2500 mm, load capacity 30,000 kg, Chain-type tool magazine, 60 tools, ISO 50, Laser tool integrity probe, workpiece alignment measuring probe, Coolant system, Chip conveyor

Anchoring and leveling equipment for X axis 6000 mm, Vibration detection sensor, Double cradle for loading/unloading two milling heads, with dedicated software.

Technical information

TABLE

Table dimensions: 2000x2500 mm
Table load capacity: 30000 kg

TURNING CAPACITY

Longitudinal X-travel: 6000 mm
Cross Y-travel: 1500 mm
Vertical Z-travel: 2500 mm

HEAD

Motor power: 37 Kw

SPECIFIC PROPERTIES

Worktable 2500 × 2500 mm, height 300 mm

Spindle motor for mechanical heads: 42 kW, torque 1180 Nm, 5000 rpm

Automatic head clamping system for mechanical heads + electrospindle heads

Universal head with thousandth-degree positioning, 37 kW

No. 2 mechanical spindles ISO 50

Spindle extension Ø 200 mm, length 400 mm, 42 kW, 5000 rpm

Rigid tapping for mechanical heads (x2)

AUTOCAL software for automatic calibration

Rotary-translating table with table surface

Table size: 2000 × 2500 mm
Table load capacity: 30,000 kg
